# Easily connect up to three internet ready devices with Belkin's Powerline AV 3 Port Adaptors

***(Rushden, UK)*** – 16 June, 2011 – Belkin has introduced the latest addition to its Powerline networking range, the Share Powerline AV 3 Port Adaptor.

With so many home entertainment devices now being network enabled, the Share Powerline AV 3 Port Adaptor enables you to easily connect up to three devices to the Internet from just one wall socket, anywhere in your home. The three ports are ideal for connecting your internet TV, games console and Blu-Ray player to the web so you can smoothly stream movies to your internet TV or games console

Set-up is easy, with no need for extra internet cables or hardware. You simply plug the single port adaptor into a wall socket and connect it to the router with the pre-wired Ethernet cable, then plug the 3 port adaptor into a wall socket near the devices you wish to connect using Ethernet network cables.

The Share Powerline AV 3 Port Adaptor is HomePlug® AV certified to 802.3u and transmits data at rates of up to 200 Mbits. Security is pre-set with 128-bit AES encryption for reliable data protection.

**Share Powerline AV 3 Port (F5D4081uk) - £119.99**

- Pack contains: 2 Powerline Adaptors – one 3 port, one single port and 2 pre-wired RJ45 Ethernet networking cables
- Standards: IEEE 802.3, IEEE 802.3u HomePlug® AV-certified coexistence with HomePlug 1.0
- Link Rate**: Up to 200Mbps
- Security: 128-bit AES link encryption with key management for secure communications pre-set security
- Operating Range: Up to 300m in wall power lines 8 bridged devices per station
- 2 year warranty
